

LANSDOWNE

April 1971

FROM THE MASTER

Lansdowne has now seen its second year of life — really its first year with complete facilities. Things have gone well not just in terms of competitions which we have won and awards which we have collected but also in terms of the growth of College identity and spirit, those intangibles which are difficult to measure but so valuable to a community or institution.

We look forward to next year and to an even greater degree of development and activity.

Have a good summer!

NAMING OF LANSDOWNE BUILDINGS

The University's Naming of Buildings Committee will be considering the question of names for the Lansdowne College buildings and would welcome suggestions from College members. Those members who wish to make recommendations with regard to possible names for the Lansdowne buildings are asked to put their ideas in writing and to send them to Mrs. M. Ferrier, Lansdowne College Office, by 31 May 1971.

GENERAL NOTES

Library — Please return any books borrowed from the College Library before the end of term. We want to begin next term with our collection intact. We rely on your cooperation.

Yearbooks — Some offprints of pages from the Yearbook are on view in the College Office. Copies will be available at the end of the month and may be picked up or will be mailed to those having ordered it. Orders may still be placed in the General Office. Some copies, at \$2.50 apiece, may be available in the Fall.

Sweaters — College sweaters may be ordered through the General Office. Please place your orders with Mrs. Ferrier.

Jersies — Hockey players are reminded to turn in their hockey jersies to the General Office or face the prospect of being billed for them.

In the Fall — Returning members should reactivate their memberships by contacting Mrs. Ferrier in the General Office after their return to campus and leaving their local address.

A September newsletter will be sent out before Registration with information on Orientation activities and Fall programmes. ►

SPORTS

Lansdowne made all but a clean sweep of intercollegiate competition trophies, winning the Jackman Trophy by a comfortable margin of 112 points. Other trophies, now on view in the trophy case in the Office lobby, include those for golf, ping-pong, and hockey.

The hard-surface recreation area, with space for volleyball, badminton, and basketball has been definitely approved by the University for the area south and east of the residences and should be ready for use in the Fall.

COUNCIL NOTES

Student members of the 1971-72 College Council, installed at the April 6 meeting, include Karen Holman (Women's Res. Rep. and Council Secretary), Larry Joneson (Social Co-ordinator) John Ramsay (Athletics Co-ordinator), Ray King (Men's Residence Rep.) and Jerry Seto (Non-Resident Rep.). A bye-election will be held in the Fall to choose the other two Non-Resident Representatives.

Among other items considered at its March and April meetings, the Council

- * scheduled booking dates for 1971-72 activities;
- * adopted a Logo and Crest for the College;
- * set up a committee to recommend the giving of awards for special service;
- * requested Food Services to investigate complaints about the antique candy machines;
- * received a report on the end-of-term party, attended by between 400 and 500 members;
- * received a report on the Yearbook, and voted thanks to the Men's and Women's Residence Councils for their contributions and to the Yearbook Committee for its work;

* thanked Sheelagh Craig for the art work, including the painting on display in the General Office, which she has contributed to the College this year;

* received a report on methods of determining points for the Jackman Trophy, and approved it in principle, subject to the presentation of specific detailing of points for various activities;

* received a final report on the 70-71 films (total attendance 1,769; profits from Fall term subsidized the Spring term losses and went into the College Social Fund), and gave approval for the scheduling of films for next year;

* discussed possible proposals for an orientation programme in the Fall.

AND, FINALLY

The Logo (informal crest or symbol) for Lansdowne, as adopted by Council:

HAPPY SUMMER TO ALL AND TO ALL A GOOD NIGHT!
